

## **ENVIRONMENTAL & WASTE MANAGEMENT POLICY**

Construction Profile is committed to achieving and pursuing best practice in terms of utilising and managing its resources, to reduce environmental impacts and promote quality of life.

Construction Profile is committed to the following:

- ✦ Identifying activities that impact on the environment and work with its customers, suppliers and any other interested parties to encourage the reduction of environmental impacts.
- ✦ Complying with any applicable legislation and codes of practice, especially in relation to disposing of hazardous waste, safe handling, storage and transport of hazardous waste and dangerous goods, and noise.
- ✦ Providing on-going education and training for all staff in related matters, to also ensure the organisation is aware and abreast of new technologies.
- ✦ Setting specific and measurable environmental goals covering all aspects of the organisation's operations and activities, monitoring progress and encouraging a culture of continual improvement.
- ✦ Providing financial, physical and human resources to achieve these commitments.
- ✦ Allocating responsibility for achieving these commitments across the organisation.

Construction Profile Environmental objectives are:

- ✦ No environmental breach notices
- ✦ Minimisation of waste going to landfill
- ✦ Maximising recycling of waste materials
- ✦ Zero contamination of waterways or storm water
- ✦ 100% compliance with environmental requirements of BCA
- ✦ Consult with stakeholders
